

# Creating Beautiful HTML Reports with PowerShell

**Jeff Hicks**  
Author/Teacher/Mentor  
**@jeffhicks**

Level: Intermediate

# Guidelines and Caveats

- Know your data
- Format only what you need
- Consider who and how your reports will be consumed

# Guidelines and Caveats

- You *will* be writing PowerShell scripts
- Read cmdlet help
  - ConvertTo-Html
  - Out-File

Demo Time!

**SHOW ME THE PRETTY**

A person wearing a white button-down shirt and a dark jacket is holding a small white rectangular card in their right hand. The card has two lines of black text. The background is dark and out of focus.

@jeffhicks

Thank You!
